

What we've done

- Opened IBM Center of Excellences
- Become Member of IBM Academic Initiative
- Become Microsoft IT Academy (Advanced Level) Member
- Networked entire campus with Fiber optic backbone
- Introduced Bio-metric attendance system for staff
- Implemented SMS Service
- Introduced Bar Coding system in Libraries
- Implemented Online applications like Online examination system, E-Gate, Call register, Order Tracking System, etc.
- Implemented APEX (Online Aptitude Test Practice) for students
- Provided e-mail id's with college domain to all students and staff

What we've planned

- Making entire Campus & Hostel Wi-Fi enabled
- Providing infrastructure for students social networking for technical discussion (through college website)
- Implementing online leave application for staff
- Providing SMART cards for student and staff related transactions
- Implementing KIOSK system
- Making all office transactions online (through web applications), stepping towards paperless office

We thank the Management and Principals of both the Colleges for their valuable guidance and enormous support for us.

What is KLN IT Services?

KLN IT Services is a in-house team formed to provide integrated IT related services like

- smooth running of automation,
- Development and maintenance of college website,
- minor break down maintenances of hardware and networking equipments, and
- procurement of hardware, software and networking requirements
- Implementation of new technologies

for both K.L.N. College of Engineering and K.L.N. College of Information Technology

Mission

- to provide both the institutes the same level of support, knowledge, experience, professionalism and integrity.
- to improve organizational and individual performance by leveraging well-managed IT infrastructure, backed up by expert IT support and advice.

Why KLN IT Services?

KLN IT Services will help the users of K.L.N. College of Engineering and K.L.N. College of Information Technology to solve their problems through time-tested measures and help them take advantage of latest technologies.

How Institutes are benefitted?

- More profitable use of valuable in-house IT talent
- Reduced IT overhead. (Eg.) a service engineer is sent to service for both the colleges.
- Reduced capital expense (Eg.) a high-end server can be shared for both the institutes for general purposes like web, storage of user data, etc.
- Improved IT performance and reliability
- Access to different skills and technology as needed
- Accelerated development and time-to-market cycles
- Reduced risk of unscheduled downtime
- Smoother, lower cost technology migration
- Contingency and continuity capabilities

Growth

From the humble beginning with a single staff in the automation section of KLNCE, now we're serving both KLNCE & KLNCIT with 16 Executives, 2 Managers, 2 Associate Directors headed by a Director.

Our journey started in 2001, with a vision "Paperless Office" from our Founder President **Shri. K.L.N. KRISHNAN**. He planned to automate the entire transactions of the office and we, in association with KLN Infotech and Aarvee Information Systems Ltd., Madurai developed the college automation package Fusion Education with Student, Staff, Finance, Library, Inventory, Dispatch, Placement, Transport, Maintenance, Canteen & Mess, Administration, etc. Automation team was formed in 2001 and the entire division was managed by a single staff, headed by **Prof. K.R. Ramanathan**, (then HOD, MBA), co-ordinated by **Mr. G.R. Balakrishnan**, Management Consultant & Internal Auditor. During 2003 & 2005, the team was headed by **Prof. N. Lakshmi Narasimman** (then HOD, MCA) and **Prof. R.T. Sakthidaran** (then HOD, IT) respectively in KLNCE. **Prof. A.M. Vasumathi**, HOD-IT was heading the team in KLNCIT. Till 2007, teams of both KLNCE & KLNCIT was co-ordinated by **Mr. G.R. Balakrishnan**, Management Consultant and Internal Auditor.

Information Systems Support Group (ISSG) was formed in mid 2007 with **Dr. T.K. Mahendra Babu** as Director in KLNCE and Information Systems Support Group (ITSG) was headed by **Prof. A.M. Vasumathi** at KLNCIT.

From 01.01.2009, both were merged in a common name **KLN IT Services** with **Dr. T.K. Mahendra Babu** as Director, **Prof. N. Lakshmi Narasimman** and **Prof. A.M. Vasumathi** as Associate Directors of KLNCE and KLNCIT respectively with a good support of **Dr. S. Ganapathy**, Principal, KLNCE and **Dr. M. Sachithanandam**, Principal, KLNCIT.

We are growing... to serve you better
